C. Handserchiefs, &c. The undersigned invites the attention of the trade and his friends generally. Great inducements offered to cash and short-time buyers.

THOS. G. STEARNS, 162 Broadway, Between Liberty st. and Maiden Lane, N. Y. Dec 25—1y

SHANNONDALE SPRINGS.

THIS healthy and beautiful Watering Place will be under the personal superintendence of the undersigned during the present summer, who will use every effort in his power to render it one of the most attractive and agreeable watering places in Virginia. It is situated on an elevation or spur of the majestic Blue Ridge Mountain, in the county of Jefferson, five miles south of Charlestown, the county seat.

Passengers leaving Baltimore or Washington by the morning train of cars will arrive at Harper's Ferry at half-past eleven a. m., from thence in the Winchester and Potomac railroad cars, ten miles to Charlestown, where a twelve-passenger coach will receive and convey them into Charlestown, and, if desired, to the Springe to dinner, over a good road and through a lovely country.

The analysis made by the late Dr. De Butts from one hundred grains of the water from the main fountain, afforded 63 grains of sulphate of lime, 10½ grains carbonate of lime, 23½ grains of sulphate of magnesia, (epsom salts.) I grain of the muriate of magnesia, (epsom salts.) I grain of the muriate of magnesia, it grain muriate of soda, 3-10 grains sulphate of iron, and 7-10 grains of carbonate of iron.

From the above analysis the waters of Shannondale may very properly be classed among the Salinc Chalybeates—a combination of the most value. SHANNONDALE SPRINGS.

From the above analysis the waters of Shannon-dale may very properly be classed among the Saline Chalybeates—a combination of the most valuable description in the whole range of mineral waters. It may therefore be positively asserted, without exaggeration or fear of contradiction, that no mineral water within the limits of the United States possesses the same constituent parts, or is a more salutary and efficient purgative, than the water of Shannondale Springs This water acts as gently as the mildest aperient, without giving rise to those unpleasant sensations of pain and debility so often occasioned by ordinary cathartics, prepared by the most skilful physicans.

The free use of this water acts almost immediately upon the skin and kidneys, removes worms, relieves the convalescent from bilious or other fevers, dyspepsia, dropsical swellings, calculous affections, hemorrhoids, scrofula, indigestion, rheumatism, loss of appetite, exhaustion, general debility, gravelly concretions, strictures, and a variety of other diseases to which man is subject; and it is freely acknowledged by all who have been sfilicted with any of the above diseases that the free use of the Shannondale waters have effected permanent cures.

Sulphur, mineral, hot and cold baths furnished

the free use of the Shannondaie waters have theored permanent cures.

ninls of ability to fulfil a contract will not be considered.

The bidder to whom the award may be made will be required to enter into contract within thirty days after being notified of the acceptance of his offer.

All the articles must be of the very best quality, samples of which must accompany the bids, and the Department reserves the right to retain such amples and pay for the same at the prices stated in the offer, or to return them at its option.

Each proposal must be signed by the individual or firm making it, and must specify a price, and but one price, for each and every article named in the schedule. Should articles be required not enumerated, they are to be furnished at the lowest market prices, according to quality. Blank forms for proposals will be furnished at the Department to persons applying for them; and as, without uniformity therein, the Department would find it difficult to make a decision, none will be taken into consideration unless substantially agreeing therewith

All the articles to be furnished and delivered without delay when ordered, and to the satisfac-tion of the head of the office for which they are re-quired.

The Department reserves the right of ordering a greater or less quantity of each and every arti-cle contracted for, as the public service may re

quire.

Bonds, with approved security, to be given by the person or persons contracting; and in case of a failure to supply the articles, the contractor and his sureties shall be liable for the forfeiture specified in such bond as liquidated damages.

The subjoined list specifies, as nearly as now can be done, the quantity and description of the articles that will be wanted:

Bills payable weekly.

weekly.

The Alexandria and Orange railread is now completed to Warrenton. The cars leave Alexandria at eight o'clock every morning, except sunday, and get to Warrenton in about two and a half hours, where a first-rate line of stage will take passengers immediately to the Springs, eix and a half miles, over a macadamized road. Returning, the cars leave Warrenton half past one o'clock, and get to Alexandria and Washington in time for the evening train to Baltimore. Another trains of crist leave Alexandria at 3 p. m., where a first rate line of stage coaches will take the Bassengers, about nine miles, to the Springs, over a good summer road. Fare by either route from Alexandria to the Springs \$2.50. Trevellers who come by Gordonaville will have equally good coaches to Culepper Court-house, which place they leave at seven a. m. in the cars, and get to Besteon in thirty minutes, where the coaches will take them immediately to the Springs; thus making two daily lines from Besteon and one from Besteon and one from hours in Alexandria, and return to the Springs by souncet of the same day. Passengers by evening train from Richmond get to the Springs by noon next day. By the Gordonaville route, they sleep at Culpper Court house, and get to the Springs about nine o'clock next morning. A good line of coaches well; go from the Springs to New Market the times a week, connecting at Gains X Road with the Winchester line.
